Child Care Health Consultation For Family, Friend & Neighbor (FFN) Caregivers

CISC invites all FFN Caregivers caring for children **aged 0-5 years** to join our **free** program. This program is designed to help you provide the most nurturing, at-home learning environment for the children in your care.

The CCHC Program services include:

- A team of bilingual community liaisons and healthcare professionals available for support
- Monthly in-home consultations (1-3 times)
- Development screenings (ASQ/ASQ-SE) for children every 6 months
- Workshops on caregiving, child development, parenting, and cultural celebrations
- One free culturally relevant book each month
- Community service referrals
